Assembly

Assembling the Doe

Fig. 1

Step 1. Insert metal rods attached to the top of Front and Hind Legs (E&F) into the matching holes on the underside of Body (C). (Fig.1)

Step 2. The Legs come with support bars attached to stabilize the Doe. Attach the Support Bar to opposite leg.(Fig.1)

Step 3. Fasten each Leg and the Body together with Plastic Ties (M) and stand the Doe in an upright position.(Fig.1)

Step 4. Insert unhooked end of Balanced Weight into the matching hole in the top end of Neck then fasten with the Cotter Pin; There is a pair of hooks on the rear Head(A) and another pair of hooks on the forefront of the body. Hang the Head(B) hooks onto the hooks on the front of the body. (Fig.1)

Step 5. IMPORTANT: To avoid unsteady motor running, keep the balanced weight (H) higher than motor and insert the hooked end into the hole of plastic crank inside the body, secure them with the Cotter Pin (I).(Fig.1)

Step 6. Insert the wires of the Accessory Bow(G) through the holes of the Body(C) then twist the wires together to secure to the Doe.Insert the rod of the Tail (D) into the matching hole on the rear of the Body. (Fig.1)

Fig. 2

Step 7. Insert the two metal rods at the bottom of the Ears (A) into the holes on the top of the Head.(Fig.2)

Step 8. Secure the figure into ground by using the Stakes (J) provided.(Fig.2)

Pre-Operation

CAUTION: Grasp the plug to insert or remove from the power source. Do not unplug by pulling on cord.

CAUTION: The lighting string on this product is rated at 81.6 Watts (0.68 Amps). Do not overload. Do not connect to other lighting strings, decorative outfit or other electrical products. Before you use or re-use this product inspect it carefully. Return to Store or discard if the product has cuts, damage or frayed wire insulation on cords, cracks in the socket enclosures, loose connections or exposed copper wire.

Care and Cleaning

- Carefully remove the product from wherever it is placed. This helps to avoid any undue strain or stress on the product, wire and lighting connections. If the product is placed somewhere other than the ground it should be well secured and stable.
- Wipe the unit with a damp cloth and allow the unit to dry before storing.
- Store the product neatly in a cool, dry location protected from sunlight.

FOR INDOOR AND OUTDOOR USE
